

Keech Swim Sessions

Swimming is a fantastic activity for children and young people with disabilities – and great fun for all the family!

FUN provides swimming sessions at Keech Hospice in their adapted hydrotherapy swimming pool.

Keech swimming pool is designed to cater for the needs of people with additional needs and disabilities of all ages.

It has hoists, ramps and specially designed changing rooms.

The pool has water fountains, sensory lighting and a sound system. The water temperature is maintained at a higher level than public pools and the air temperature is controlled to avoid the “shiver” effect and coldness when getting out.

Children must be accompanied by an adult.

Families United Network

Supporting children and young adults with additional needs and disabilities.
